

**GOOD JOBS**

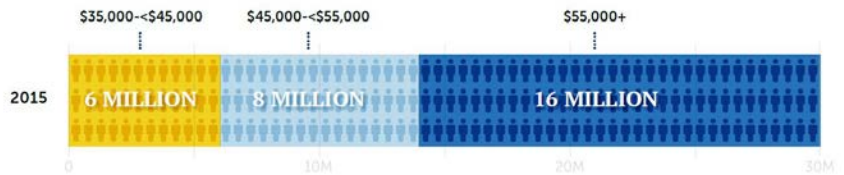

**Figure 1.** There are 30 million good jobs that pay for workers without a BA and 36 million for those with a BA or higher.

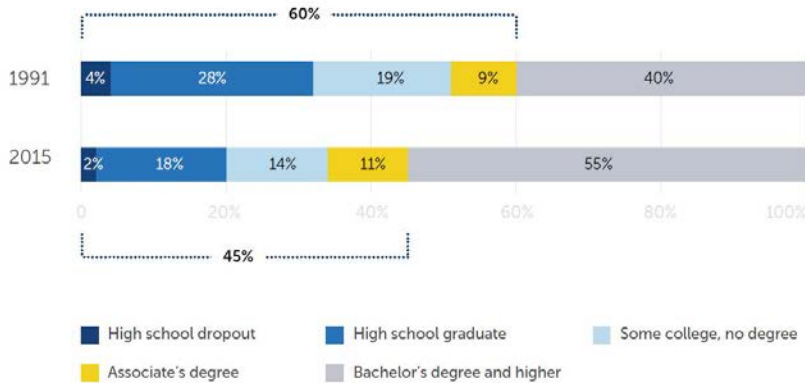

**Figure 2.** What is a good job?

Of the 30 million good jobs that do not require a Bachelor's degree, 24 million pay more than \$45,000 annually.

**Figure 4.** Between 1991 and 2015, the share of good jobs going to workers without a BA fell from 60 percent to 45 percent.
